

Utility Projects and Services

A Saudi LLC Company under SAGIA

“Engineered Solutions for..

HVAC / MEP

EPC of HVAC/MEP projects for Industrial and Commercial with full Engineering capability

Energy & Utilities

Equipment and solutions for Power, Cooling, Heating, Co-gen, Tri-gen and Air Technology

Special Applications

Absorption, Solar, Radiant and District Cooling. Process Heating and Waste Heat Recovery

Design & Engineering

Feasibility Studies, Cost Estimation, Bid Packages, Bid Evaluation, Design & Engineering, Detail Engineering, Shop Drawings, Schedules, Controls and Automation logics

Project Management

Project Execution & Management, Balance of Plant, Procurement, Construction, Real Time monitoring, Co-ordination

Services

Commissioning, O&M and AMC Contracts, BMS/DDC Services, Facility Management, Spares, Energy Audits, Compressor Rehabilitation

Product / Project Solutions

Cooling Solutions

- Split/package Units /Chillers
- Air Cooled Condensers
- Ammonia Chillers, Freezers
- Explosion proof A/c packaged units
- Self-contained A/c units
- Precision Air-conditioning units
- Laboratory Air-conditioning packages

Heating Solutions

- Boiler
- Thermopacs, Thermic Fluid Heaters
- Hot water Generator
- Heat Recovery Steam Generator HRSG
- Waste Heat Recovery Boiler

Smart Air Technology

- Ventilation & Exhaust Packages
- Chilled Beam (Fan LESS Coil Units)
- Air Column Units
- Explosion Proof AHU's
- Custom Built AHU's & FCU's
- Air-Handling Solutions

Projects Offerings

- Civil / Mechanical / Electrical / Plumbing
- HVAC Contracting, Equipment Installation
- Construction & Project Execution
- Designing & Detail Engineering

Power Generation

- Gas Gensets
- Diesel Gensets
- HFO & Dual Fuel Gensets
- Diesel Rotary UPS Systems (DRUPS)
- Waste heat recovery systems
- Turbo coolers
- Co-Gen & Tri-Gen
- Turbine Inlet Air Cooling
- Solar PV's

General Services

- Security System Installation
- Fire Alarm Sytem Installation
- Feasibility Studies
- Green Energy & Carbon Management
- Operation and Maintenance
- Manning Commissioning
- DDC / BMS / Field Devices Installation
- Annual Maintenance Contracts

Engineering Services

- Heat Load Calculations
- Scheme detailed drawing
- Layout Drawings
- General arrangement
- Controls logic & Electrical drawings
- Equipment schedule
- Bid Specification & Package Preparation
- Shop Drawings
- Structural & Civil design
- Hydraulics and Air Balancing

What is UPS?

With its passion and perseverance, UPS has been able to build substantial reputation for it and is actively engaged in turnkey projects such as Heating Ventilation Air-conditioning (HVAC), Waste Heat Recovery System, Process Heating Systems such as Hot Water Generator, Steam Boiler, and Thermal Fluid Heaters. UPS has undertaken and successfully executed various projects all over India.

With the resources and technical knowhow to complete the most technically demanding building or Industrial project of any size and type, UPS is experienced in complete Heating, Ventilation, Air-conditioning systems. UPS's holistic approach to project management has enabled it to develop positive client relationships that extend over several years and various projects. Hard work, discipline and dedication coupled with suitable training and high levels of commitment make Team UPS professional. UPS can also be engaged for low side project such as Piping, Ducting and other Mechanical Engineering solutions.

Our Strength in India

- Central Air-Conditioning System – Concept to commissioning
- Waste Heat Recovery System
- Smoke Control System
- Retrofitting
- Process Heating System - Hot Water / Steam / Hot Oil Systems
- Building Management System [BMS]
- Air Separator System with Membrane Technology
- Energy Based Contracts with Operations & Maintenance and Retrofitting of the existing services with updated Technology / Product
- Electrical & Plumbing System

3500 Manpower with 150 Engineers

450 Completed HVAC Projects

Our Works

Al Muhidib Business Quarters, Dammam

OFFICE SPACE

1 Million sq.ft office space

4000 TR Mini District Cooling Plant

Complete Design, Engineering, Supply

Commissioned 2016

M R Khathalan

Al Jawdah Cable, Sudayr, Riyadh

Process Cooling

5000 TR HyBrid Process Cooling Plant

Complete Design, Engineering, Supply, Installation

Ma'aden MMGP

4 Substations, Mastoura

Air-conditioning

Engineering, Shop Drawings, 3D Drgs

Supply, Installation

Royal Commission

JIC Development - Faculty Housing

Air-conditioning

Engineering, Shop Drawings, 3D Drgs

Supply, Installation

SADAFCO Warehouse Dammam

Warehouse

30,000 sq.ft

150 TR Complete Design, Engineering, Supply and Installation

Our Team geared up for Comfort Solutions

We are ISO Certified

CERTIFICATE

This is to certify that the Quality Management System of

UTILITY PROJECTS AND SERVICES LLC.
3665-7595, 4B, Ar Rakha Ash Shamaliyah Dist., Al Khobar – 34225, Saudi Arabia.

has been assessed and found to conform to the requirements of
ISO 9001:2015
This Certificate is valid for the following scope

EPC Projects – Civil, Mechanical, Electrical, HVAC, Low Current, Security Systems, Fire Fighting, Plumbing and related Services.

Certificate No.	:AMER16756	
Registration Date	:02/03/2024	
Issue Date	:05/03/2024	
Expiry Date	:01/03/2027	
Recertification Date	:01/03/2027
